

Veterinary Physiotherapy Owner Consent Form

Please note this form must be completed prior to the commencement of any assessment or treatment.

By signing this form I give permission for veterinary physiotherapy to be performed by Georgie Barnard Veterinary Physiotherapy. I also give Georgie Barnard Veterinary Physiotherapy permission to discuss my animal's treatment with my veterinarian and understand referral (back) to the veterinarian may occur.

By law, veterinary physiotherapy sessions require veterinary consent sessions that are not for maintenance (i.e sessions treating injury, dysfunction or pain). If you are requiring a session for reasons other than maintenance, please also complete a veterinary consent form prior to your session.

Client signature..... Client name.....

Animal name..... Date.....

Veterinary consent form? Yes / No

If you have selected no, please sign below to confirm you are seeking veterinary physiotherapy for maintenance.
